Thank you for choosing Clean Cut to handle your tree or landscape project. The following items include more details about our process.

- Scheduling All work is scheduled on a first come, first served basis. Due to the nature of the tree service industry (mainly Mother Nature), we try to avoid exact dates. Instead it is best to give you a "window of time" that we expect to get started, and that "window" will always be "in approximately ____ weeks" and not "Monday, the ___". The weather has a ripple effect on our business. Two days of rain this week can and will affect the schedule for the weeks to come. We understand that this can be frustrating for our customer, but these issues are out of our control and we will do our best to be there when we say we will. Also it is not necessary for you to be home when your job is being done (most of our customers are working elsewhere while we're working). We will not need to enter your home and we need all of the parking space we can get. If you are not home when we finish the work, we will mail you an invoice. *Please do not schedule a vacation day* from your work place on the day you expect us. Weather, equipment failure, employee sickness, or simply a job taking too long the previous day may cause work delay. Your tree work will probably get done quicker if you tell us to come at our first available opening.
- Firewood If you would like us to leave some of the wood, please let us know in advance. There will be an extra charge for stacking firewood.
- 3) **Emergency Work** If the damage is covered by your homeowner's insurance, we will be happy to bill your insurance company for you. However, you will be responsible for the full amount of your completed work, even if your insurance doesn't cover it.
- 4) **Stump Grinding** If you choose to have your stumps ground out as part of your contract, please note that it will not be done by the same crew that removed your tree(s). This usually occurs within a couple of weeks or the next few days, but cannot be scheduled for a specific date. Clean Cut Tree Service will bill you for stump grinding upon completion. Please note, when your stump has been ground out, we will not haul away the grindings unless you authorize step 2 on your estimate form. Stumps are very difficult to grind up and get out of the ground. It can get messy. Our stump grinding machine is about 10' long and can fit into a 36" wide gate. It is a 3,000 pound machine, but it is on rubber tracks so it will not put ruts in your yard. This machine will grind the stump into thousands of wood chips (stump grindings) (looks like light colored mulch). If you would like us to haul away the stump grindings, you will find that price listed in the lower right box "step 2". If we do not haul the stump grindings away, 90% will be in a pile by the stump. The depth we typically grind is 3"-7" deep (which is the depth of most stumps we encounter). We also grind 8"-10" to the side of the stump. If you need grinding on surface roots around the stump or the raised mounds ground down, there will be an extra charge. Our stump grinder cannot grind through metal or concrete and can only grind within 9"-10" of any fence, wall or similar structure. For our customers who have given us measurements ahead of time, we will measure again and confirm pricing before we start the stump work. Included are the surface roots (roots that are visible and partially out of the ground) within 12" of the stump. Any other surface roots will be an additional charge.
- 5) **Personal Property** Please remove all ornamental objects such as planters, birdbaths, flowers, sidewalk lights, play equipment, or fences necessary for your tree(s) to be removed or trimmed. If you have an inground sprinkler system or similar, we must be informed ahead of time in writing. Otherwise we cannot be responsible. Please remove dog waste from your yard before work crew arrives.
- Yard sign We have found yard signs to be very effective in neighborhoods. We would appreciate if you would let us keep a sign in your yard for a couple of weeks or longer if possible. If we have not picked up the sign within a month, please throw the sign away.
